Your student has been chosen to participate in the Volusia County Schools Jumpstart Biology Program! All Science students who will enter high school biology in 2021-2022, are invited to attend. This program will take place at your student’s high school. The purpose of this program is to help your student have a successful experience in biology in 2021-2022 and build necessary skills needed on the state Biology End-of-Course exam which is a graduation requirement.

Here is the specific information you will need to know as you are planning your family’s summer activities:
