*A student is exempt from the Biology 1 or U.S. History EOC assessment if the student is enrolled in an AP, IB or AICE Biology 1 or U.S. History course; takes the respective AP, IB or AICE assessment; and earns the minimum score to earn college credit.

Merit Diploma Designation

- Meet the standard high school diploma requirements
- Attain one or more [industry certifications](#) from the list established (per s. 1003.492, F.S.)

What are the additional graduation options for students with disabilities ?

Two additional options are available only to students with disabilities. Both allow students to substitute a CTE course with related content for one credit in ELA 4, mathematics, science and social studies (excluding Algebra 1, Geometry, Biology 1 and U.S. History). The two options are as follows:

- Students with significant cognitive disabilities may earn credits via access courses and be assessed via an alternate assessment.
- Students who choose the academic and employment option must earn at least 0.5 credit via paid employment.

State University System (SUS)

Admission into Florida's public universities is competitive. Prospective students should complete a rigorous course of study in high school and apply to more than one university to increase their chance for acceptance. To qualify to enter one of Florida's public universities, a first-time-in-college student must meet the following minimum requirements (credit earned by industry certification does not count for SUS admission):

- High school graduation with a standard diploma, a minimum of a 2.5 GPA, and admission test scores meeting minimum college-ready test scores per Board of Governors (BOG) Regulation 6.008
- 16 credits of approved college preparatory academic courses per BOG Regulation 6.002
- 4 English (3 with substantial writing)
- 4 Mathematics (Algebra 1 level and above)
- 3 Natural Science (2 with substantial lab)
- 3 Social Science
- 2 World Language (sequential, in the same language or other equivalents)
- 2 approved electives

The Florida College System

The 28 colleges of the Florida College System serve nearly 800,000 students. Colleges offer affordable and stackable workforce credentials including certificate programs, associate in science degrees and associate in arts degrees, which transfer to a bachelor's degree program. Many colleges also offer workforce bachelor's degree programs in areas of high demand. All Florida College System institutions have open-door admissions for students who earned a standard high school diploma or an equivalent diploma or successfully earned college credit.

[Florida College System](#)

Career and Technical Colleges and Centers

Florida also offers students 49 accredited career and technical colleges or centers throughout the state, which provide the education and certification necessary to work in a particular career or technical field. Programs are flexible for students and provide industry-specific education and training for a wide variety of occupations.

COLLEGE - FINDING THE RIGHT FIT

Colleges and Universities come in different sizes and types with different emphases and opportunities. Your needs and priorities will determine how you select from such a wide range of choices and find an institution that is appropriate for you - 2yr/4yr, public, private, religious, large, small....*what is **YOUR** fit?*

Check out the school's website:

- ◆ General information - location, size, type
- ◆ Investigate sources of financial aid they offer
- ◆ Schedule a campus visit
- ◆ Access online application - verify deadlines

Campus Visits & College Reps

Throughout the school year there will be opportunities to meet with various College Representatives as they schedule time on campus. Listen to announcements and visit Student Services to check dates.

Visiting the campus of schools that you are interested in is highly recommended. Contact the school or go online to see if there are special visitation days planned or to schedule a tour. While visiting a campus you should be prepared with a list of questions and try to plan specific activities, such as:

- ◆ Meet with an admissions counselor
- ◆ Discuss programs and admissions requirements
- ◆ Determine costs and ask about financial aid opportunities
- ◆ View dorms, cafeteria, library, athletic centers, etc.
- ◆ Meet with faculty in the department of your intended major
- ◆ Talk with students and try to attend a class, if available

APPLYING TO COLLEGE

Online applications are the standard for today's schools. Most schools offer the option to apply direct through their website, or many also accept a general application through sites like Common App.

Depending on the school(s) that you are planning to apply to, it may be easier to apply direct. Be sure to check the option for each school on your list and do not hesitate to ask for help from your Counselor, the College & Career Counselor or the Resource Room.

⇒ **Pay attention to deadlines!** Each school will have its own deadlines for:

- ♦ Early Admissions
- ♦ Regular Admissions
- ♦ Financial Aid & Scholarships
- ♦ Special Programs
- ♦ Housing

⇒ Complete the “**Student Records Release Authorization**” form to allow your transcripts to be sent.

⇒ **Take or retake the ACT/SAT** and include the school(s) you are applying to when sending scores.

⇒ **Application fee waivers** are available to students who have current Free/Reduced Lunch status and College Board includes (4) free waivers through your account for any student who has taken the SAT using a fee waiver. ***Not sure if you qualify?*** Apply online at www.MySchoolApps.com

⇒ **Academic Resume, Letters of Recommendation, Personal Statement, Application Essay...**are just a few items you may need to complete your application.

BUC Family Night - College Application Process

Tuesday, September 13, 2022

MPR @ 5:45pm

APPLYING TO COLLEGE (CONT'D)

- ⇒ There are **(3) websites** that can be used to apply to several schools at once:
 - ♦ **Common App** - www.CommonApp.org
 - ♦ **Coalition App** - www.CoalitionforCollegeAccess.org
 - ♦ **HBCU Common App** - www.CommonBlackCollegeApp.com
 - * *Please keep in mind that each school may still require additional information to be submitted through their student portal after your main “general” application is submitted. Be sure to check your application dashboard often to stay on top of requested items.*

- ⇒ **Some schools will require the SSAR** in place of a current transcript.
 - ♦ The “Self-reported Student Academic Record” is a website that is used to create an account and enter in all of your academic classes that you have taken for high school credit.
 - ♦ Access the website - <https://ssar.selfreportedtranscript.com>

- ⇒ **Complete your FAFSA** as soon as possible after October 1st!
 - ♦ The FAFSA is the Free Application for Federal Student Aid and every school will want your FAFSA as part of your evaluation for scholarships, grants and some programs they may offer.

- ⇒ **Some schools will require the CSS Profile** in addition to the FAFSA.
 - ♦ The CSS is part of College Board and is a financial profile that only some schools require.
 - ♦ Access the CSS on www.CollegeBoard.org

- ⇒ **Recommendation Letters** may be required by some schools.
 - ♦ Ask your recommenders in advance - do not wait until the day before a deadline!
 - ♦ Provide your academic resume or a “brag sheet” to help your recommender.
 - ♦ Waiving your **FERPA Rights** when applying to a school means that you waive the right to review any recommendation letters submitted on your behalf.

- ⇒ **Your GPA matters!** Many schools, programs and scholarships have minimum requirements.

- ⇒ **Community Service Hours** are not a graduation requirement, but **ARE** required for some programs and many scholarships, including Bright Futures.

- ⇒ Create a **professional email** to use when applying to and communicating with colleges, scholarships and job opportunities.

ACADEMIC RESUME WORKSHEET

Complete the following sections to use as a guide in starting your resume. Don't limit yourself at this point; list everything even if it seems trivial. Using this worksheet will help you not only keep track of your "stuff and activities" for four years, but will also help guide you. Fill in the missing pieces or areas in which you might be weak in. This worksheet will be helpful for whoever is writing your letter of recommendation also.

Your stress-free guide for applying to college

Junior year

September

Have the "college" talk with your parents

Where do you want to go? What major? How much can you spend?

October

Take the PSAT

It can give you an idea of where you fall in the college applicant pool. Plus, your scores may make you eligible for national scholarships.

November

Consider how you'll pay for college

Scholarships? Financial aid? Student loans? A combo? Start looking into your options.

December

Take the ACT/SAT

These tests are crucial to figuring out which schools are a good match for you. Consider taking practice tests and even a prep course to ensure that you get your best score possible.

March

Make a list

Keep a focused list of schools you're interested in. Start planning campus visits for the spring and summer.

Senior year

August

Start your essays

With your top schools in mind, start drafting your essays and be sure to leave yourself time for edits, edits, and more edits.

September

Secure letters of recommendation

Reach out to teachers, coaches, and employers who would be happy to write you a glowing review. Don't forget to send them a thank you note afterwards!

October

Submit your FAFSA

Some student aid programs award funds on a first-come, first-served basis so don't wait too long to submit your FAFSA.

Consider re-taking standardized tests

You can also re-take your SAT to try to raise your score.

November

Stay on top of deadlines

Don't let the date for early application sneak up on you. Many schools have different application deadlines; make sure you know when everything is due.

January

Apps are due

January 1st is the universal deadline for most schools' applications, so make sure yours are in. If you applied early action, you could get your decision letter any day.

February

Mail's here

Keep an eye out for your college acceptance letters.

March

Watch for award letters

This is when you'll get financial aid award letters from the schools that have accepted you. Compare them to see which offers the best financial aid package.

April

Decision time

After deciding where you'd like to go, make sure to stay on top of communications from your school. Deposits, forms, and housing apps are all due prior to leaving in the fall.

May

Make a budget

Talk with your parents to figure out how much you'll expect to earn and pay while at school. Having a budget will start you on the journey toward financial responsibility.

Summer

Final to-do items

You can choose to attend orientation, register for your classes, and make sure your tuition bill is paid. Don't forget, it's also the time to have fun!

COLLEGE COSTS - ESTIMATIONS FOR 2022-23

There are many factors involved in determining the total cost to attend any school. Tuition and Fees for each class is just a portion, and some scholarships are only intended to help cover this cost. Refer to the chart below for current estimated costs for the (12) Florida Public Universities.

State University System of Florida						
Fall/Spring Cost of Attendance On-Campus for Full-Time Undergraduate Florida Residents 2022-23						
University	Tuition & Fees	Books & Supplies	Room & Board	Transportation	Other Expenses	Total

Average Per Year: \$ 6,098.83 \$ 1,161.00 \$ 11,321.25 \$ 1,813.92 \$ 2,790.17 23,185

Source: Annual Survey of SUS Institutions

Notes: Costs that make up the "Other Expense" category can include but are not limited to the following: clothing maintenance/laundry, computer/cell phone, student health insurance, and other personal costs.

*USF is now one consolidated campus with the same costs to all students at each location (formerly, this report had separate lines for Tampa, St. Pete, and Sarasota-Manatee campuses)

Estimated costs for items such as Transportation and Other Expenses are not "billable" costs, meaning these are items paid directly by the student and include things such as gas, car insurance, personal care items and entertainment expenses.

Financial Aid

Each school will have it's own available financial aid which can include scholarships, grants and work study programs. Be sure to check each school's website for specific information, and when in doubt call the Financial Aid Office to ask your questions!

Don't rule out being able to attend a particular school until you have received your acceptance letter and a detailed financial aid package. Many times what may seem to be an expensive school ends up being the most affordable after the package they offer!

FINANCIAL AID

There are **(4) levels of financial aid** to help fund education/training after high school:

1. **Federal** - may be used anywhere in the USA at any school that is allowed funding
2. **State** - may be used at all Public and most Private schools in Florida
3. **Institution** - offered by the school applied to and able to be used at that school only
4. **Private** - all other scholarships, grants and loans that are applied for
 - National, State and Local scholarships/grants
 - Private loans offered through banks and organizations

Deadlines are VERY important!

- ◆ Knowing and following all deadlines for applications is the first step in helping to secure as much aid as possible. Staying organized is key!
- ◆ Federal and State applications open October 1st
- ◆ Institutional aid can only be applied for after the application for admissions is submitted and in many cases, only after student is accepted for admissions.
- ◆ Private scholarships and grants will all have their own application requirements and deadlines and often the earlier the application is received, the better the likelihood of receiving funds.

Local (and some State & National) Scholarships will be advertised on the daily announcements, posted to the Mainland website and posted in Student services. ***Don't hesitate to ask questions or apply!***

Good to know:

- ◆ FAFSA offers grants, loans and work-study. Maximum Pell Grant for 2022-23 is \$6,895/yr
- ◆ State offers scholarships and grants and several are need based.
- ◆ First Generation Students may qualify for additional aid from the State and Institution.

MILITARY OPTIONS

There are many opportunities for students who join one of the branches of the armed services upon graduation. Recruiters for each branch visit campus regularly during lunch and contact information for each is available in the Resource Room.

Students interested in the military will need to earn a regular high school diploma to be considered by most, if not all, of the services. Each branch of service offers different opportunities that you may want to ask about, including:

- Opportunities for further education
- Scholarship opportunities
- Career training, jobs and your choices
- Time commitment and options
- Expected income and military lifestyle (travel, station location, etc.)

The ASVAB is required for any student considering a military career.

Next ASVAB CEP is scheduled on **November 17, 2022**
(additional test will be offered in March 2023)

Sign up in Student Services, or scan the QR code:

ASVAB CEP

The ASVAB CEP is open to all students in 10th-12th grade. Scores may be withheld from the military if a student chooses by completing the “Opt-Out” letter prior to the scheduled assessment date.

There is absolutely NO obligation to enter the military or speak with a recruiter.

The ASVAB is an excellent tool to help you find your strengths and interests and after the test, it unlocks an online resource for (2) yrs that you can use to explore career paths, colleges, military branches, job outlooks and much more. Brochures and additional information available in the Resource Room and on the Mainland website.

CAREER CHOICES

There are options other than a traditional 2yr/4yr degree program after graduation.

- ⇒ **Technical and Vocational schools** and programs teach students to do very specific jobs, like plumbing, electrical or mechanic work. Daytona State College has several programs available that take less than 2yrs and many just a few months.
- ⇒ The **ASVAB CEP** is an excellent tool to help navigate interests and skills to determine possible career paths other than standard bachelor or associate degree programs.
- ⇒ Some companies offer apprenticeship opportunities where you “**earn as you learn**”.
- ⇒ The Military offers many opportunities for training and jobs that will equip a student even after their service commitment is over.

Check out some options at:

www.DaytonaStateCollege.edu (1yr or less programs)

www.VMAonline.com

www.CareerOneStop.org

www.ElectricalCareer.net

www.TodaysMilitary.com

There are many local and national companies that have internal education programs, for example, CVS Pharmacy and their Pharmacy Tech program. If there is a career field you are interested in, speak with the College & Career Counselor for more information.

Need more information?

Visit the Resource Room, Student Services or
speak with your School Counselor!

Information Packets are available in the Resource Room

STUDENT ATHLETES

Students who are planning to or are interested in playing organized sports in college will need to **know the guidelines required** by each school as well as the NCAA or NAIA organizations.

Your GPA does matter! Remember, you are a STUDENT first and an ATHLETE second!

Talk with your high school coaches. Let them know what you are interested in pursuing and ask for their help. **Speak with your school counselor** to find out the steps needed to send your information to the schools that you are interested in or who have contacted you.

Complete the required “**Student Records Release Authorization**” to allow your transcripts to be sent.

Take or retake the ACT and/or SAT. Scores are required by most schools as well as the NCAA/NAIA. *Students who qualify for ACT/SAT test waivers are eligible to also have their registration fee waived for the NCAA/NAIA account.*

NATIONAL ASSOCIATION OF
INTERCOLLEGIATE ATHLETICS

ONE OPPORTUNITY. LIMITLESS POSSIBILITIES.

If you want to play sports at an NCAA Division I or II school, start by registering for a Certification Account with the NCAA Eligibility Center at eligibilitycenter.org. If you want to play Division III sports or you aren't sure where you want to compete, start by creating a Profile Page at eligibilitycenter.org.

ACADEMIC REQUIREMENTS

To play sports at a Division I or II school, you must graduate from high school, complete 16 NCAA-approved core courses, earn a minimum GPA and earn an ACT or SAT score that matches your core-course GPA.

CORE COURSES

Only courses that appear on your high school's list of NCAA core courses will count toward the 16 core-course requirement; visit eligibilitycenter.org/courselist for a full list of your high school's approved core courses. Complete 16 core courses in the following areas:

DIVISION I

Complete 10 NCAA core courses, including seven in English, math or natural/physical science, before your seventh semester.

ENGLISH	MATH (Algebra I or higher)	NATURAL/ PHYSICAL SCIENCE (Including one year of lab, if offered)	ADDITIONAL (English, math or natural/physical science)	SOCIAL SCIENCE	ADDITIONAL COURSES (Any area listed to the left, foreign language or comparative religion/philosophy)
4 years	3 years	2 years	1 year	2 years	4 years

DIVISION II

ENGLISH	MATH (Algebra I or higher)	NATURAL/ PHYSICAL SCIENCE (Including one year of lab, if offered)	ADDITIONAL (English, math or natural/physical science)	SOCIAL SCIENCE	ADDITIONAL COURSES (Any area listed to the left, foreign language or comparative religion/philosophy)
3 years	2 years	2 years	3 years	2 years	4 years

GRADE-POINT AVERAGE

The NCAA Eligibility Center calculates your grade-point average based only on the grades you earn in NCAA-approved core courses.

- DI requires a minimum 2.3 GPA.
- DII requires a minimum 2.2 GPA.

SLIDING SCALE

Divisions I and II use sliding scales to match test scores and GPAs to determine eligibility. The sliding scale balances your test score with your GPA. If you have a low test score, you need a higher GPA to be eligible. Find more information about test scores at ncaa.org/test-scores.

TEST SCORES

You may take the SAT or ACT an unlimited number of times before you enroll full time in college. Every time you register for the SAT or ACT, use the NCAA Eligibility Center code 9999 to send your scores directly to us from the testing agency. We accept official scores only from the ACT or SAT, and won't use scores shown on your high school transcript. If you take either test more than once, the best subscore from different tests are used to give you the best possible score.

NAIA Eligibility Center

More than 30,000 students register each year to become eligible to play college athletics.

Exposure & National Visibility

Since opening in 2010, the NAIA Eligibility Center has had hundreds of thousands of students register online providing unprecedented visibility and awareness of the opportunities to play intercollegiate sports at NAIA institutions. The exposure gained from partnerships with major testing services and the nation's more than 20,000 high schools has allowed the center to become a platform for reaching high school student-athletes, their families and coaches on a national scale.

Level Playing Field

NAIA rules help ensure that NAIA student-athletes compete against students with similar levels of training and competitive experience. The NAIA Eligibility Center reviews the experiences of athletes who have competed outside the traditional college setting to maintain a level playing field throughout NAIA competition. Coaches know that the rules are applied consistently to every student, every time.

The NAIA Eligibility Center provides initial eligibility determinations, working with integrity to apply NAIA rules and provide quality customer service for students, parents and NAIA membership.

Focus on the Student-Athlete & Customer Service

- ▶ With NAIA rules, prospective students don't have to worry about navigating a complex web of eligibility and recruiting contact rules. High school students have three academic eligibility criteria to focus on. If a student meets two of the criteria, then the student is eligible upon high school graduation:
 - Cumulative GPA of 2.0 on a 4.0 scale
 - Class rank in top 50% of graduating class
 - If no class rank is on the transcript, nine college credits can be used in place of this requirement. (Effective May 1, 2020.)
 - ACT of 18 or SAT of 970 Critical Reading and Math*
- ▶ Registering with the NAIA Eligibility Center is required for all first-time NAIA student-athletes. It only takes a few minutes to register.
- ▶ High academic performers in high school can even receive a final eligibility determination before high school graduation, if they meet a higher GPA

standard and have qualifying test scores.

- ▶ The fee to register is \$90 for students coming directly from high school, \$135 for transfer students, and \$150 for international students. For U.S. students with demonstrated need, a fee waiver system is in place.
- ▶ The PlayNAIA.org website is where all work related to the NAIA Eligibility Center for students, NAIA members, and high school counselors takes place. Students can track their progress online or through their mobile phones. NAIA coaches can easily monitor recruits through the registration process through their school's PlayNAIA dashboard.

InCred: Streamlining For International Students

With its extensive experience in conducting credential evaluations of international student academic records, the NAIA Eligibility Center now requires InCred, a service for international students that combines the reviews for both admissions and athletic eligibility into a consolidated, cost-effective process.

InCred is a one-stop shop for international students to consolidate the admissions, transfer credit evaluation and eligibility process, saving students time and money through the submission of electronic international records. International student-athletes receive a quality credential evaluation on par with AACRAO and industry standards. InCred is the only international credential evaluation that provides consistency between the athlete's NAIA Eligibility Center review and a credential evaluation. InCred is helping pave the way for international students
